Teacher Interviews

A chat with, Miss Banks:

Hiya! When I was 8, I was obsessed with becoming a dolphin trainer, but as time passed that dream faded. I came to Sherrier because I had been working at another school for 10 years and needed a change. I enjoy travelling; my favourite places to visit include: America and Canada!

I am so inspired by all children I teach, as the way children see the world is magical; they are a wonder of life. Another person who inspires me is Beyonce – she shows so much perseverance and determination to achieve what she has.

A chat with, Miss Limbert:

Hello. I love books, anything Disney, musicals and food! I would love to be an illustrator but became a teacher instead. Out of all schools I had chance to work at, I chose Sherrier as everyone was so friendly and welcoming. I have many interests, including: being a 'Book Worm', travelling the world and a baker. I have been on a motorbike across Europe – what an experience!

Bulletins and Opportunities

Just before the summer break, a small group of children from Sherrier walked to Woodmarket House, in Lutterworth, to read to a selection of their residents for National Writing Day. Using the new 'Writing for Pleasure' approach, children from Sherrier created a range of different genres and topics that those from the care home loved reading.

Sporting Achievements:

Table Tennis

A huge well done to the children who represented Sherrier in the local Table Tennis tournament. They showed wonderful determination; making all staff very proud of their achievements! Well done all.

1 - Table Tennis Superstars!

Sports Ambassadors

A select few children took part in Sports Ambassador training, which was run by the P.E. department at Lutterworth College. They learnt how to deliver warm ups, the benefits that taking part in sport has on mental health - as well as physical health -and how to be a sports leader.

2 - Sports Ambassadors
